

# Welcome

- A PREMMIE BABY LIVES HERE -

## DO NOT ENTER

if you are sick, have been recently, or have been around others who are unwell

Premature babies have weak immune systems and under-developed lungs

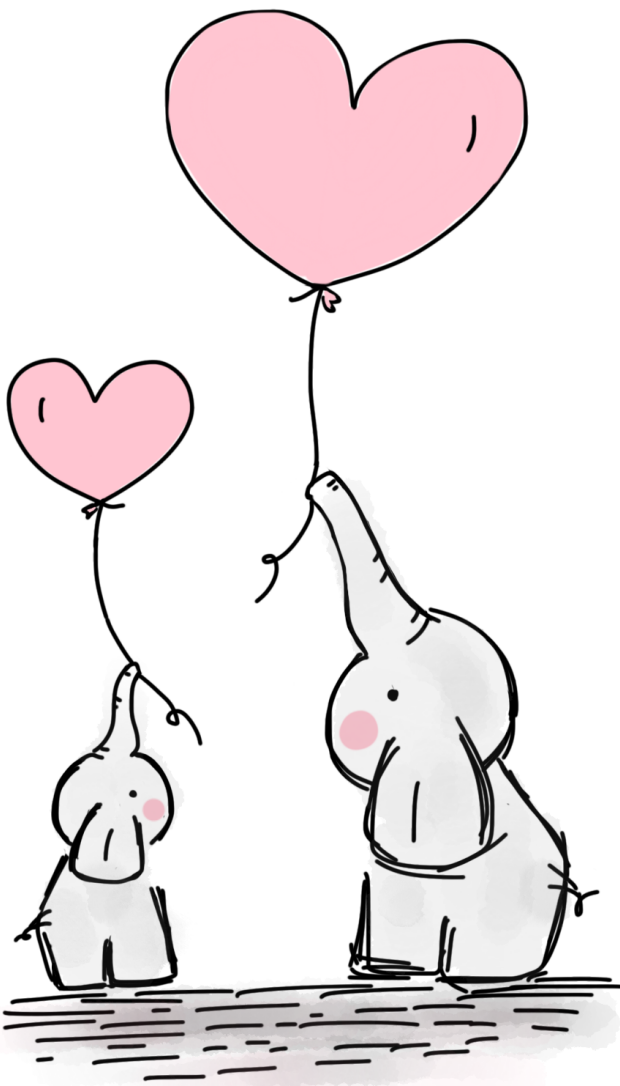

## WASH YOUR HANDS

## NO KISSES PLEASE

Before visiting please call or message us to arrange a suitable time.

Our baby comes first. We are on a schedule so may need to leave the room to feed baby or put them down for a nap.

Ready made meals, snacks or offers of help around the house are always gratefully received!

Thanks for helping us keep our baby healthy
